FINAL ADVICE FORM JENS VERVOORT

PI&V DEVELOPMENT (DPB381)

PROFESSIONAL SKILLS	Collaboration (Individual)	This topic was not discussed in detail during the sessions.
	Reflection and Critical Attitude	Jens is able to understand past learning activities, and evaluates them from a personal standpoint. Future learning activities were outlined but not detailed into goals.
PIGV	Professional Identity	Jens does not explain his strengths/weaknesses within the submitted assignments; the PI is unclear and contains components of a vision.
	Vision	Jens has a vision based on current technological trends and societal issue (privacy), and gives a few general examples of corresponding activities as a designer. These activities are not yet detailed.
DEVELOPMENT	Personal Development Plan	Jens shows understanding of the expertise area framework is able to explain his activities within it. Exploration of the competency areas is limited.
	Organizing Learning	Jens shows understanding of the value of goals. The formulated goals could however be more detailed. The link to personal development is at times missing.

GENERAL FEEDBACK/ COMMENTS:
